WALL PROFILES WITH TELESCOPIC BRUSH

The optional telescopic brush profiles reduce the air between the sash and side walls. The finish is coordinated with that of the sash, while the brush is always black.

HORIZONTAL AND VERTICAL WANDS

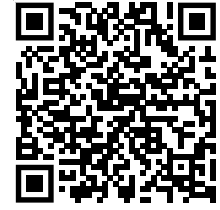

Our model T-ES Design 12 has N° 4 horizontal crossbars and N° 1 vertical crossbar for each door, in Matte Black Painted Aluminum RAL 9005. The crossbars are applied to the glass using a very strong, invisible adhesive.
