

Measures in cm

Plan layout of partition walls with sliding door openings.

Highlighted in red is the T-ES Design 19, external sliding wall cabinet with 3 symmetrical doors

### SECTION AND MEASUREMENTS OF TWO-WAY RUNNING TRACK

### SECTION AND MEASUREMENTS OF THE UPRIGHT

The 15 x 20 mm rebate mullions are supplied with a 19 x 5 mm rebate mousse pre-installed inside them at the factory. Together with the 10 x 10 mm striker profile pre-installed at the factory on the sash profile, they make it possible to correct an out-of-plumb wall and achieve a rebate without the passage of air and light. Both the wall rebate post and the striker profile are made of aluminium in the same finish as the sash and track profiles.

### HORIZONTAL AND VERTICAL WANDS

Our T-ES Design 19 has no horizontal or vertical wands.
